

South Australian Aviation Museum *Donations*

Our focus is to collect, record and display the history of civil and military aviation in South Australia. This would not be possible without the generous support provided by the people of South Australia who have helped us with donations ranging from complete aircraft, aircraft parts, books, collectables, and memorabilia.

SAAM is always accepting genuine historical aviation artifacts and memorabilia. If the item has significant historical value, and it adds to our displays, it is likely to be placed on display immediately. This was the case with the WW2 Spitfire Mk.2 Gunsight donated in 2023 (pictured to the left).

Please Note: Donations are subject to our Collections Policy. Broadly, the policy requires the donor to own the donated item free of encumbrances and, particularly for a significant artifact, for it to have clearly established provenance. If you are considering such a donation, we recommend that you drop by the Museum or contact us at 8240 1230 or enquiries@saam.org.au to discuss it with us.

Cash Donations

1. Via our donations box in Hangar 1
 2. Over the front desk
 3. Through our Foundation for tax-deductibility.
